Swamiji Mangalananda ji Maharaj from Ramakrishna mission shared his thoughts and teachings of Swami Vivekananda on what is required from us. Importance of giving, Sharing food is equivalent to consuming nectar, eating food alone is equivalent to poison. Remaining part of the income after donating makes the income pure. Qualities required in all individuals include Conviction in power of goodness, Lack of jealousy, Helping all those who are good. Weakness is death and Strength is life. He asked teachers to be careful on their behaviours as they influence the children character. Swamiji told he is against those temple who practised too much orthodox traditions as god did not create these. SSLC, PUC alone is not the goal of life, it's beyond that.
